Dear Jim:

Herewith are some reports that have just come in. As the others come in, I will forward them to you of course.

Last night after the meeting, I had a carful to take home. We were in the vicinity of the proposed 'new location' so I just drove there and we had a look at the area. I am quite familiar with the site as I take walks there frequently. No doubt you have already the report by Mr. DeKinder in SKYWARD with regard to Reallocation, as he terms it. Should the plan materialize, it will mark a great change for the Centre.

Your aurora reports have us all envious and we just drool over your 'positives'! Good looking!

My new letterhead was designed by my Royal Printer-- my American nephew. His hobby is printing-- he does this at school. He is going to be eighteen in the spring. David printed a big stack of letterheads for me as a gift. Sweet eh?

By the way, did you ever contact Jack Crossland re Nova Search work? If not, let me know. I will contact him and have him send reports through the Montreal Centre, if you don't mind.

All the best....

Dot
