Dear Mr. Dickinson,

Thank-you for your letter of March 19. I'm glad to hear that you are interested in the search programme, and am sending forms under separate cover.

I wrote several letters during the past year, to Mr. Biedrich, but have received no reply. I understand from others that he is notorious for answering letters.

I made a number of observations of the nova, but have made only one of Comet Ikoya.

Yes, I received the last two copies of 'Scope --- I guess someone put my name on your mailing list. Many thanks.  
Best regards, and good observing
