

Dear Jim:

I've gotten myself into a mess and probably won't be doing any observing for quite awhile. But then I wasn't much of an observer anyway, though I wanted to be.

Please send further communications to me at
102 Cliff
Battle Creek, Mich.

My former address was
Box 2363
Norman, Okla.

AJ Worschouse

PS I'll be expecting to hear about a Comet Jow in the near future.
