Dear Mr. Maclean

Enclosed is a supply of C & N Forms #2 (report forms.). I am sorry for the delay, but I was out of forms and was expecting a new supply from Toronto. Until now, the Montreal Centre was printing my forms, and the new policy is for the national office to print all forms and Bulletins in the future. Anyway, I received the new supply to-day.

The next Comet and Nova Bulletin should be out soon. I prepared it in July and sent it to Toronto, so I hope it is out soon! You may note that the part on Comet De Vice-Swift is a little outdated. Since I prepared the Bulletin, the Comet has been recovered, and seems to be about three magnitudes fainter than predicted.

Best regards and good observing,

  
Jim Lew
