

88 Lorne Ave.
St. Catharines, Ont
Monday Dec 13, 1965

Dear Mr. Low:

Enclosed are negative search reports for the month
of November, 1965.

Neoa Hercules 1963 was not seen this month.

Comet 1965 F was seen once, on Nov. 5th 1965.

I am enclosing some copies of sketches of the comet.
They are not very good representations.

No one in the Niagara Falls Centre has reported seeing
the comet although several copied the ephemeris at our ^{OCTOBER} ~~November~~
meeting. I heard of two young students (12 or 14 years of age) who saw
the comet on the morning of October 29th. The local paper (St. Catharines)
had printed an item which I gave them after seeing the comet on
Oct. 28, and using the directions in it as a guide they were able to
find it.

I am sorry to be so late in getting this comet report
ready. This has been a very busy time for me.

Best wishes,

Hugh M.A. Maclean,
Niagara Falls Centre.
