Dear Jim:

● Sorry I could not write sooner but I have changed jobs and have started on shift work, and it has taken a little time to adjust to it.

I will do the best I can, and try to keep up with my observing.

Sorry I did not do better in the month of February but I had one heck of a cold and just felt lousy generally.

● I did not see IKAYA-SEKI myself but a group of us tried two or three times but to no avail. I found out later that Les Poirie did see

the comet. so I asked him to  
send a report into yours which you  
have probably got by now.

Yours Truly  
Norman Lybster
