

Aug. 25, 1964

James Low -

Thanks for notices -

Found Comet Kibbin Aug. 23 -

Checked again last night.

It is fairly faint - 9^m.5 at
a guess.

Aug 23 position: RA - 17^h 59.5^m
DEC. + 16° 0'

Aug 24 " RA 18^h 01.^m
DEC. + 15° 40'

(1950)

It clouded up last night before
I could look for Comet 1964 c.
