Dear Mr. Low;

From "The Journal of the R.A.S.C." I noticed that you are the co-ordinator of the subject "Comet and Nova". I would like to receive some information on this subject and also some information on what I could do to aid this subject. Please send this information to:

John Van Bruwaene

R.R. #1, Aylmer, Ont., Canada

This information will be appreciated very much by both me and the Astronomy club of which I am vice-president. Thank you very much.

Yours truly

John Van Bruwaene
