7 June, 1970

John Percy, Chairman,
Committee on Coordination of
Centre Activities,
c/o McLaughlin Planetarium
100 Queens Park Cr.
Toronto, Ontario

Dear Dr. Percy,

The enclosed information should be self-explanatory. This report on the Comet and Nova Section was sent to Ken Chilton.

You will note that I have recommended that the Comet and Nova Section be taken over by Variable Stars and Planetary. In view of this, I offer my resignation as Coordinator of the Comet and Nova Section.

Please let me know if you require more information, or if I could assist COCOCA in any way.

Sincerely,

Jim Low

cc Ken Chilton
