

1891  
Dr. Huggins

90, UPPER TULSE HILL, S.W., London.

3 Dec. 1891

G. G. Lumsden Esq.  
Corresponding Secretary,

Dear Sir,

May I ask you to convey to the Astronomical & Physical Society of Toronto my high appreciation of the honours they have conferred upon me in electing me an Honorary Member; and the assurance of the pleasure which it gives me to be

associated with a Society  
which, I am sure, has a great  
future before it, and will  
undoubtedly, contribute much  
to the study of Astronomy  
in Canada.

Remain,

Yours very faithfully

William Huggins
