

WASHINGTON, D. C.

Apr 6 / 95

Dear Mr. Lumsden,

On my return to the city  
after a protracted absence  
I find the bound volume of  
the Proceedings of your  
society. I need scarcely  
say how highly I prize the  
possession of this book and  
of what great interest it has  
been to see all that you  
have done for the sciences.

Please accept my  
Cordial thanks.

Very truly,  
A. G. Prentiss
