Holiday wishes to our members and supporters

The depths of winter symbolizes a time of quiet reflection and the promise of renewal. The RASC would like to take this time to thank everyone for their membership and volunteerism over the past year. The Sun has slunk to its lowest point in our skies with the December solstice and there is a wish from many for more light and group gatherings to cope with the long nights. It is perhaps no accident that so many cherished celebrations, be they Hanukkah, Yule, Christmas, Kwanzaa or New Year's collectively occur at this time. 2020 has been a year of unprecedented firsts and with the upcoming New Year, we wish you happiness and prosperity in 2021.

To a Joyeux Noël and a well-remembered past. Best wishes for Happy Holidays.

Roland Dechesne,
On behalf of the Inclusivity and Diversity Committee
