THE ROYAL ASTRONOMICAL SOCIETY OF CANADA

252 COLLEGE STREET TORONTO 2B, ONTARIO

1 September, 1959.

Dear Gus:

At the National Council meeting in June, Mr. Milton, Mr. Ramsay and Miss Williamson were appointed as a special Committee to investigate possible cooperation between observing Centres of the R.A.S.C.

Dr. Heard brought your request for Canadian satellite observers before the Executive Meeting on August 25th and it was agreed that you should communicate directly with these three people on this project and provide us with a copy of your correspondence for our files.

With best regards,

Sincerely,

J. E. Kennedy,
National Secretary.
