THE aim of the Association is, I believe, to serve each student to the utmost by affording him wholesome companionship, by providing opportunities for making friends of those whose ideals on life are inspired by the Christian spirit, and by cooperating through each faculty in maintaining a sane, vigorous interest in all the worthy activities of the student and in the life of the University on the student side.

The most difficult task of the student is to keep true to his convictions, to be friendly with others of different opinions, and to be so open-hearted and open-minded as to get the best of all in his new surroundings without losing loyalty to his own self. Whatever you learn, learn wisdom. "This is to be got not mainly from books, but from friendship with some and resistance to others, the universal human contact which converts the written words of wisdom into his living tissue of character.

R. A. FALCONER.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION

of the
UNIVERSITY OF TORONTO

In March 1872 the Young Men's Christian Association was organized in University College and officially recognized by the College Council. Weekly meetings were held, religious literature supplied to the reading room of the College Literary Society and the names of prospective freshmen obtained in order to render them any assistance which might be given.

An important step was taken when the Association decided to have a building of its own in 1885. This building has the honor of being the first of its kind ever to be used by a College Association entirely for its own work. This worthy precedent has been followed since by many Universities and Colleges in America.

The other Colleges and Faculties followed the lead of University College until in 1905 there were seven College Associations in the University of Toronto. These were united in a federation thus creating the University of Toronto Young Men's Christian Association. In January 1915 Veterinary College also formed an Association and entered the federation.

The expansion both of the University body and of the Association made the need of a new and larger building increasingly urgent. In 1909 the Massey Estate generously offered to provide the University Association with a building. This gift was enlarged to the presentation to the University of Hart House, comprising Gymnasium, Dining Hall, Library, Students and Faculty Union and Christian Association.

The transition from the old red building of the 80's to the present quarters in the South Wing at Hart House has taken place and the association has become well established there. It is expected this year that through the Association, many students of the University will be brought to a full realization of life as enjoyed by Jesus.

PURPOSE AND MEMBERSHIP

The Student's Christian Association of Canada is a fellowship of students based on the conviction that in the life and teaching of Jesus we have the means to the full realization of life.

The Association seeks through study, prayer or other means an understanding of Jesus; and invites into its fellowship all students who are willing to test the validity of the conviction upon which the Association is founded.

PRAYER

The Association is convinced that mighty things can be wrought by individual and corporate prayer. Individual students and groups of students are praying that the purpose of the Association may be realized and that when it is realized it may be accomplished.

ACTIVITIES

Voluntary Study

Believing that the inspiration of the Student Christian Movement is mainly derived from the Bible and that the climax of the Bible is found in the records of the life and teaching of Jesus, the Association regards as its primary activity the promotion of the honest study of this life and teaching. Under the personal leadership of Dr. Sharman, author of "Jesus in the Records", groups in each faculty and student constituency will this year concentrate on a scientific study of the Records themselves that excludes any preconceived theories on its approach and which follows the method not of comment but of investigation and discussion. Other courses such as "Students Standards of Action" and "Social Teachings of Jesus" and the study of "Social Problems" will also be offered to supplement this more intensive study.

Eastern Canadian Students' Conferences

For three years following the Northfield Conference on June 1916, Student Conferences representing students of Ontario and Quebec, and the Maritime Provinces met at Brome Lake, Quebec, in Spring Conferences. These Conferences were of such a high standard that for 1920 it was decided to have the students of Ontario and Quebec meet separately immediately after the close of the Annual Examinations. This Conference was held at Cobourg, Ont., this year from May 21st to 28th, and the mingled inspirational, intellectual, recreational and social atmosphere of the conference, the ably conducted Bible, Mission and Social Problem study courses, the personality of the chosen leaders and speakers, the friendly intercourse with students from other colleges and the cumulative uplift of the whole conference made an impression, which will never be forgotten, upon those who were fortunate to be present. This conference realizing the growing national consciousness in Canada and the necessity of Canadian students thinking unitedly on matters which are of vital interest to them—a national convention of representatives of the Student Christian Association of Canada is being called for Christmas week of 1920, if possible, and if not, for Christmas week of the following year.

Book Exchange

A Book Exchange at which second hand textbooks, of all faculties may be bought and sold will be conducted by the Association in Hart House during the first month of the term.

Library

In addition to a Missionary and Bible Study Reference Library, the Association keeps on sale a studied selection of devotional and character building books. The best student Christian periodicals of all lands are also kept on hand in the Library.

New Students

The Association aims to do all in its power to help new students of all faculties in becoming acquainted and established, by providing an information bureau, maintaining lists of accredited boarding rooms, distributing the Students' Hand Book in faculty editions, and

by personally introducing them into college activities. At the beginning of the fall term Receptions are held by each College Association for the men of the first year, at which the various College Organizations are represented and presented.

Foreign Students

Through the Foreign Students Association an effort is made to welcome students from foreign countries, to assist them in the matter of information, rooms, employment, etc., to arrange receptions both in College and in private homes, and generally to bring them into friendlier and more sympathetic relationship with Canadian students.

Student Volunteer Movement

The aim of this Movement which originated in 1886 is to place before students the claims of Christian service in foreign countries and to promote Missionary interest and support throughout the general student body. The University of Toronto shares financially in the support of its own representative, Mr. A. Perry Park, '13, who after service in East Africa during the war is now in charge of Boys' Work in Delhi. Mr. Park is home from India this year and he will welcome the privilege of meeting all those students who are interested in this part of the British Empire.

About one hundred Toronto students attended the Quadrennial Student Volunteer Convention at Des Moines, Iowa, from December 31st to January 4th this year, and the great spiritual influence of that Conference is permeating the life of the whole University.

UNIVERSITY SERMONS.

Every Sunday morning during Term (except on holidays) a university service is held in Convocation Hall at 11 a.m. These sermons are under the direction of the Colleges' Sermons Committee, and are arranged for the benefit of the students of the University and their friends.

The strongest and most influential speakers to college men in Canada and the United States are invited to deliver the sermons.

Following are some of the Preachers who have accepted invitations for this year's series:

"TORONTO"

or the Pride of the North

Where smiles the lake 'neath a sky ever blue,
 Where blooms the maple tree,
 There stands Toronto, the Pride of the North,
 And her children all are we.
 Yes, we are from Toronto,
 Our Alma Mater, our mother dear:
 And proudly now we sing her praises,
 That all may know that her sons are near.

All hail to thee, Torontol
 Proud Mistress of the North!
 With heart and voice we praise thee,
 As we go marching forth.

Up with the Blue and the White! let them wave
 High o'er the old gray Tower;
 Forth from its portals have stepped in their
 might
 This Dominion's men of power.
 Yes,—they come from Toronto.
 Our noble statesmen, our soldiers true:
 And fondly each one hails the mem'ry
 Of that dear spot 'neath the White and Blue.

THE BLUE AND WHITE

Old Toronto, Mother ever dear,
 All thy sons thy very name revere,
 Yes, we hail thee, ne'er will fail thee,
 But will seek thy glory with our might,
 (Yes we are) ever loyal, faithful, frank and
 strong.

We will sound thy praises in our song,
 Aye, and cheer both loud and long,
 The Royal Blue and White.

Toronto is our University,
 Shout, oh shout, men of every faculty,
 Velut arbor aevo,
 May she ever thrive. Oh!
 God, forever bless our Alma Mater.

Soon our college days will all be past,
 Duty bids us part from friends at last,
 But we'll sever, trusting ever,
 Love for Varsity may us unite (unite us).
 Then we'll serve the Mother of us all,
 And the merry days of youth recall,
 While, whatever may befall,
 We'll flaunt the Blue and White.

UNIVERSITY ATHLETICS

ATHLETIC ASSOCIATION

Management. This Association which controls all the Athletics of the University, is managed by a Board of Directors, elected as follows:—

(a) Two representatives from the faculties of the University and affiliated Colleges, appointed by the President of the University.

(b) One representative elected by the advisory Board of the Athletic Association.

(c) Five representatives elected by the Undergraduates of the University.

(d) The Physical Director (*ex-officio*).

The financial affairs of the Association are under the control of the Financial Secretary, who is appointed by the Board of Governors of the University and is directly responsible to the Athletic Directorate.

Financial Secretary, T. A. Reed.

Membership. The membership fee is included in the Hart House Fee of \$10 which is compulsory for all male students. This fee gives to each member the full privileges of Hart House including the gymnasium, swimming tank, etc.

Medical Examination Every student is required by University regulations to be medically examined by the Physical Director, Dr. J. W. Barton, within two weeks of the opening of the Fall term. He will be advised by the Director as to THE form of Physical Work in which he will engage. No student can take part in any game until physically examined. All first and second year students in all the faculties are required to take physical work in such form as recommended by the Physical Director.

"Colors" shall be defined as the right to wear on the sweater or playing jersey, the color design adopted and registered by this Association, and shall be an 8½-inch "T" surmounted diagonally by a red maple leaf, bearing the University coat of arms. The "T" shall be blue when worn with a white uniform and vice versa.

Colors shall be granted by the Directorate to members of senior, but not necessarily champion teams upon recommendation of the Executive of one of the recognized clubs, and only in those cases where the Directorate considers that such members have distinguished themselves sufficiently to warrant it.

Suspension of Members. "Any undergraduate of the Association playing with any team, other than a University team, during the Academic year, in any recognized league, union or association, or in any championship match, shall stand suspended from further participation in University Athletics until reinstated by the Directorate." (Art. III., Sec. 7.)

STUDENTS MUST NOT PLAY WITH OUTSIDE TEAMS

Under agreement between the A.A.U. of Canada and the C.I.A.U. no student can play on an outside team during the College term unless granted a permit by the Athletic Association of his University.

THE GYMNASIUM

Supervision. The Gymnasias are under the direct supervision of the Physical Director, Dr. J. W. Barton.

Classes. Classes are held at different hours during the day and are under the supervision of competent instructors. The time of classes for the various faculties and years may be ascertained at the Gym. Office. The work is suited to the average student, the aim being to develop the body, heart, lungs, digestion, etc., rather than gymnastic ability. Those showing special gymnastic ability are placed in an advanced class.

Boxing, Fencing, and Wrestling are taught as part of the regular work. No extra fee is required.

Swimming is taught as part of the regular work. Classes are held daily from October until May. Every student should know how to swim.

Water Polo. Teams representing various faculties compete for the Pellatt trophy. A picked University team plays Queen's and McGill at the Inter-Collegiate Swimming Meet.

Basketball teams representing the various faculties, practise on the various floors now provided at regular practice house. These teams compete for the Sifton Cup. The University is also represented in the Inter-Collegiate series. Varsity's Second Team compete in the O.A.B.A.

FALL SPORTS

Rugby. Besides the various inter-year and inter-faculty teams, there are three University teams. The first game each year is played between the Old Boys and the Varsity team.

English **Rugger** will be introduced into the University this fall and inter-faculty games will be arranged.

Soccer. Practises begin early in the fall term. Find out where the men of your faculty are playing and get on a uniform. The following teams usually enter in the inter-faculty series: University College; S.P.S.; Medicine; Dentals; Pharmacy; Knox; Wycliffe; Victoria; Vets; Education.

A picked University team plays against Queen's for the Inter-Collegiate Championship.

Track. The Inter-Faculty Track Meet will be held on Friday, October 22nd. Watch the "Varsity" for definite announcement. Those who wish to compete should make their entries not later than the preceding Tuesday with the Secretary of the Athletic Association.

This year the Inter-Collegiate Meet will be held in Toronto, on Friday, October 29th.

Tennis. The tennis tournament for the championship of the University begins early in October. The entry fee is \$2.00 for all events. Enquire at the Gym. for all information and watch the "Varsity" for announcements.

Harriers. Cross Country running is encouraged by the Athletic Association. The inter-faculty competition for the Brotherton Cup is held in October. An inter-collegiate competition is held, Queen's R.M.C., McGill and Varsity taking part.

WINTER SPORTS

Hockey. Most of the College and faculty teams practise at stated hours on the Varsity Rink, Bloor Street. Various teams representing the different faculties compete for the Jennings Cup.

Three University teams are entered in the Inter-collegiate Series and two in the O.H.A. These teams practise at the Arena, beginning in December.

Basketball. Teams are entered in the Inter-faculty contests for the Sifton Cup from each faculty and College. Practises are held in the gymnasium at hours arranged through the Managers of the respective teams.

VOLUNTARY STUDY

To assist in the accomplishment of the purpose of the Student's Christian Association, study groups under able leadership will be formed; these groups will study primarily the life and teaching of Jesus, as found in the original records. Other courses to supplement this intensive study will be offered also—such as "Social Principles of Jesus", "Student Standards of Action" and "Community Problems".

ASSOCIATION MEETINGS

A series of Sunday afternoon meetings of especial interest to Dental Students will be held during the college term. These meetings will be addressed by men of outstanding ability and will give the men of Dental College an opportunity of coming together to discuss the real and vital things of life.

20,000,000 Gillette Safety Razors

At a conservative estimate, more than twenty million Gillette Safety Razors are in use throughout the world. It is stupendous—hard to realize! Such things, however, do not happen by chance, Unquestionable superiority must be behind this mass of opinion in favor of the Gillette Safety Razor.

The final dictum in razor keenness is NO STROPPING—NO HONING and all devices calculated to bring other razor edges up to Gillette keenness only serve to compliment the razor that is Known the World Over.

292 $\frac{1}{2}$ YONGE STREET

This is our idea of a Square Deal

To buy carefully and get the best possible value;

To be perfectly frank in our Statements about our goods;

To stand behind our goods to the fullest extent;

To make the customer the judge of value received;

To cheerfully adjust, financially or otherwise, any differences that might possibly occur;

To satisfy the customer first, ourselves last.

ADVERTISING INDEX

The free publication of this Handbook is only made possible through the participation of the firms and merchants whose advertisements are classified below. No advertiser is included in this list whose goods or whose service are not entirely reliable. They are advertisers who are in all cases located within easy range of the University and who offer articles and service which are of general use to students. Their financial support of this publication is directly dependent upon the support which Handbook users give to these advertisers. We request, therefore, that you will bear these advertisements in mind when you have purchases to make or orders to give. Thus in giving the preference to these advertisers you will ensure both satisfaction for yourself and the continual tention to future students of whatever benefits this Handbook may have brought to you.
